

Cloud Business Phone

A Cloud Business Phone service customized to your needs and budget

babyTEL Cloud Business Phone service is a fully-managed, business phone service in the cloud that connects your business without the costs and hassle of an on-site traditional phone service.

The babyTEL Advantage

- + Set up your Cloud Business Phone in minutes on babyTEL's online portal (Auto-Attendant, Extensions, and Voicemail)
- + With babyTEL's plug and play service, users can connect their business phones anywhere with an internet connection
- + Get as many extensions as you need and add more as your business grows
- + No hassle of an onsite PBX
- + No set up fees, no maintenance fees, and you only pay for the users you need
- + No Contract - No Risk, cancel anytime
- + Get help when you need it, with customer service available 7 days a week

Cloud Business Phone

ABOUT BABY TEL

Within its Technology as a Service [TaaS] framework, babyTEL develops cutting-edge voice communication services. babyTEL provides feature-rich SIP Trunking, Cloud Business Phone, Home Phone, T.38 and Electronic Fax services across the U.S. and Canada.

babyTEL has over 15 years of experience providing carrier-grade communication services and SIP/T.38 Trunking to small and medium businesses, Fortune 100 companies and government.

WHAT OUR CUSTOMERS SAY

“babyTEL’s quality of service is excellent and prices are extremely competitive. Their technical support is far superior to what we’ve experienced with other providers. Also, it’s really easy to expand the system as our business grows.”

Xurxo Vidal - Bloom Search Marketing

“babyTEL has been absolutely wonderful. We would never go elsewhere. Their great prices and quality service is hard to beat. Their customer service has been nothing but the greatest help for us.”

Dan ST M DST Inc.
